About Us

Pan Arabia Medical Co. is a premier medical solutions provider headquartered in Riyadh, Kingdom of Saudi Arabia. We are dedicated to advancing the quality of patient care and serving the local community by bridging the gap between global medical innovation and the Saudi healthcare sector.

Through strategic alliances with top-tier international suppliers, we provide the Kingdom's medical facilities with cutting-edge technologies, specialized equipment, and comprehensive healthcare solutions.

Our Vision

"To be the region's definitive market leader and trusted catalyst for healthcare transformation. We aspire to set the benchmark for clinical excellence by pioneering advanced solutions, fostering global collaborations, and shaping a healthier future for the communities we serve."

Our Mission

"To empower healthcare providers across Saudi Arabia with innovative medical technologies, seamless distribution, and trusted partnerships. We are committed to advancing healthcare standards through expertise, integrity, and continuous innovation—ensuring every patient receives world-class care."

Leadership

Our strategic direction is guided by a distinguished leadership team committed to excellence and the realization of the Kingdom's healthcare goals.

President: His Royal Highness Prince Talal Bin Bader Al Saud

Under the patronage and visionary guidance of His Royal Highness, Pan Arabia Medical Co. stands as a pillar of reliability and prestige in the Saudi market, driving initiatives that align with the national agenda for healthcare transformation.

CEO: Mr. Yazan Abu Zarour

Leading our operational strategy, Mr. Abu Zarour spearheads our mission to deliver excellence. His leadership focuses on building sustainable international partnerships and ensuring that our innovations directly contribute to better patient outcomes and community well-being.

Our Presence

Headquartered in the capital, we have established a robust logistical and operational network covering the four corners of the Kingdom. Our widespread presence ensures timely support and service to healthcare providers across all regions.

- **Headquarters:** Riyadh (Central)
- **Western Branch:** Jeddah
- **Eastern Branch:** Dammam
- **Southern Branch:** Abha
- **Central Branch:** Qaseem

Strategic Suppliers Partnerships

Our success is built on Strategic Partnerships with international market leaders. We do not merely act as distributors; we act as the local arm for global innovators. By rigorously selecting top-tier medical suppliers, we ensure that the Saudi market has access to the highest quality FDA and CE-approved products available globally.

Business Units & Strategic Partners

Pan Arabia Medical Co. acts as the local arm for global innovators, ensuring the Saudi market has access to the highest quality FDA and CE-approved products.

1. Wound Care Business Unit
